Purchasing Hospital SafeGuard may disqualify you from making tax-deductible contributions to a Health Savings Account. This is not tax advice. Please consult your tax advisor.

Hospital SafeGuard

Pays a fixed amount per day for hospital confinements to the calendar-year maximums.

The cost of medical care, especially a hospital stay, can add up quickly and every little bit helps. Hospital SafeGuard can help fill the gaps in your health coverage by providing cash to help pay for your deductible and non-covered expenses from a hospital stay. These plans don't replace your other health insurance coverage, they're an addition to it — a little added coverage.

With Hospital SafeGuard:

- › **Benefit payments are yours to use however you like. Save them, pay medical bills, or help pay expenses if you are away from work.**
- › **You are not limited by provider networks.**
- › **You will be paid the same amount no matter what provider you choose to see.**
- › **There is no deductible to meet prior to receiving benefit payments.**
- › **Coverage available for individual or entire family.**
- › **Renewable to age 65 (see page 6 for details).**

Over 35 million patients are admitted to the hospital each year.¹ If you needed to stay in a hospital, would your finances be affected? Expenditures for hospital care accounted for 32.3% of all personal health care expenditures in 2015.²

How Our Plans Work

When you have an eligible hospital confinement, complete a claim form and submit it with copies of your receipts. We will send you a check for the eligible benefit amount up to the calendar-year maximums.

Benefits are paid in a lump sum directly to the insured.

Hospital SafeGuard pays you (per calendar year):

	Plan A:	Plan B:
Inpatient Hospital Confinement (paid per 24 hours)	\$1,000 per day for maximum of 31 days	\$2,000 per day for maximum of 7 days
Intensive Care Unit (ICU) Confinement (paid per 24 hours)	Additional \$1,000 per day for maximum of 10 days ¹	Additional \$2,000 per day for maximum of 7 days ¹

¹ ICU Confinement benefit amount must match Inpatient Hospital Confinement benefit amount. If you are in ICU Confinement within the allotted days of Hospital Confinement, you receive both the Inpatient Hospital Confinement benefit and the ICU Confinement benefit to the maximum. If the Inpatient Hospital Confinement maximum is exhausted prior to an ICU stay, then you only receive the ICU Confinement benefit (not the additional Inpatient Hospital Confinement benefit) to the maximum.

Hospital SafeGuard Provisions

This brochure is only a general outline of the coverage provisions. It is not an insurance contract, nor part of the insurance policy. You will find complete coverage details in the policy.

Eligibility and Renewability

At time of application, the primary insured and spouse/domestic partner must be between 18-64 years of age (drop off on 65th birthday) and eligible children 0-25 years of age (drop off on 26th birthday) or as required by state. Hospital SafeGuard Provisions, continued

Misstatement of Age or Tobacco Use

If the covered person's use of tobacco has been misstated on the covered person's application for coverage under the policy, any future premiums will be adjusted and past premiums will be refunded or owed to us based on the correct tobacco status.

If a covered person's age has been misstated, the benefits may be adjusted based on the relationship of the premium paid to the premium that should have been paid based on the covered person's correct age.

If a covered person's age has been misstated and we would not have issued coverage for that covered person, we will refund the premium paid minus any benefit amounts paid by us, and coverage would be void from the effective date.

Notice of Claim

We must receive notice of claim within 30 days of the date the loss began or as soon as reasonably possible.

Proof of Loss

We must receive written proof of loss within 90 days of the date of loss or as soon as reasonably possible. Proof of loss furnished more than one year after the date written proof of loss is required to be submitted will not be accepted, unless a covered person had no legal capacity in that year.

Preexisting Conditions

We will not pay benefits under the policy for a loss which manifests due to, results from, is caused or contributed to, or contributed by a preexisting condition unless: the preexisting condition is fully disclosed on the application; and we do not exclude or limit the condition by name of specific description on a signed waiver rider.

The preexisting condition limitation will not apply longer than 12 months after a covered person's applicable effective date under the policy.

"Preexisting condition" means an illness, injury, or condition:

- For which medical advice, diagnosis, care, or treatment was recommended to or received by a covered person within 12 months immediately preceding the effective date the covered person became insured under the policy; or

- That manifested symptoms which would cause an ordinarily prudent person to seek diagnosis or treatment within the 12 months immediately preceding the applicable effective date the covered person became insured under the policy.

This Preexisting Conditions limitation does not affect our rights with respect to fraudulent misstatements made in an application or material misstatements made in an application about a preexisting illness, injury, or condition if full knowledge of the illness, injury, or condition would have caused us to decline coverage to a person.

These rights are set forth in the policy.

Premium Change

Premiums are subject to change. The age and gender of a covered person and type and level of coverage are some factors that could be used to determine your premium rate. We will notify you in writing at least 45 days in advance (or longer if required by your state) of a premium change.

Termination of Policy

Coverage will end for any covered person on the earliest of:

- The primary insured's 65th birthday. If the policy is other than a primary insured only plan, it may be continued after the primary insured's death or after the primary insured's 65th birthday:
