What is fixed indemnity insurance?

Guard plans

Coverage to supplement your health coverage with straightforward cash benefit amounts for the everyday and not-so-everyday health services. Designed to help ease out-of-pocket costs you might experience when getting health care.

What is fixed benefit health indemnity insurance?

“Indemnity” is insurance speak for a plan that pays you¹, or your provider, a specified amount – or “fixed benefit” – for medical services you receive that are covered by the plan. The benefit isn’t based on the total amount of your medical bill. There are also limits on how much or how many times this policy will pay on some benefits.

Why is fixed indemnity insurance a good idea?

A fixed indemnity plan is designed to offer supplemental relief of out-of-pocket costs you may have related to covered medical services. The benefit pays a fixed amount, regardless of the actual cost billed or other insurance coverage you may have. This could mean some benefits pay more than the cost of the service or for other services, it may cover just a portion of the cost, but the amount left you owe to the provider will be less.

How does a fixed indemnity insurance plan work?

With this type of plan, there is **no deductible, no coinsurance or even copays**. When you have a covered medical service provided, this plan will pay the benefit amount (shown on the following pages) to your in-network provider, or to you. This payment, along with the discounts on services you receive using an in-network provider, helps to reduce your overall out-of-pocket responsibility.

Our Guard plans offer hospital and doctor benefits

The Guard plans available in this brochure have:

- Doctor office visits, urgent care visits and prescription drug benefits²
- Benefits for hospital stays, emergency room visits, surgical services and ambulance trips
- Unlimited, no-cost virtual health visits (through HealthiestYou by Teladoc® Health) for general non-urgent medical issues
- Flexibility to use any doctor, but discounts for using UnitedHealthcare Choice Plus network providers
- Increase in cash benefits for qualifying services by staying with the plan more than a year

It's also good to know:

- Available for issue ages 18 through 64 in most states
- Renewable until age 65, subject to policy provisions, when premiums are paid
- Increased benefit amounts if you keep the plan for at least 2 years (**see pg 6-7 for details**)

¹If you assign your policy benefits to a hospital or any other provider of health care services, benefits will be paid to the provider. ²Prescription drug benefits are not available on Guard 4000 plan.

These are samples based on actual claims. Amounts have been rounded for simplification. Actual treatment cost and network discounts vary by area. These samples are for illustration only, to depict how the plan works.

More on filing a claim

When you present your plan ID card to your in-network provider, they file the claim with us, and we send the benefit payment to them. The provider will apply the payment toward the amount you owe for the service provided. This, in addition to the network discount, helps to reduce your final bill and lowers your total out-of-pocket cost. If the eligible benefit payment is more than the cost of coverage, even after the discount, you will receive the difference mailed to you as a check from us. If you do not use a network provider, you can submit your claim directly to us. Refer to your policy for more information or go to uhcmemberhub.com. (See page 10.)

¹ If you have a major medical plan, you may need to stay with certain networks/providers to get the most coverage out of that plan. ² UnitedHealth Group Annual Form 10-K for year ended 12/31/23. ³ Based on 2023 E&I Healthcare Econ & Pricing data of UnitedHealthcare Choice Plus network; average across combined in-patient and outpatient services. Surgical benefit details

How the surgical tiers are determined

Each plan has a 7-tier surgical schedule based on the relative value unit¹ of the procedure being performed. The amount for the respective tier will be paid each day a covered person requires inpatient or outpatient surgery² as prescribed by a doctor. If surgery falls under multiple tiers, we will pay the largest amount and if multiple surgeries are performed in a single day, we will pay one amount for the highest tier procedure.

Plan Provisions

This is only a general outline of the basic policy provisions and exclusions. It is not an insurance contract, nor part of the insurance policy. You will find complete details in the policy.

THIS IS NOT QUALIFYING HEALTH CARE COVERAGE (“MINIMUM ESSENTIAL COVERAGE”) THAT SATISFIES THE HEALTH COVERAGE REQUIREMENT OF THE AFFORDABLE CARE ACT.

Eligibility

At time of application, the primary insured and spouse, which means the person to whom you are legally married or your partner in a civil union under Colorado law, must be between 18-64 years of age (drop off on 65th birthday). Eligible children must be 0-25 years of age (drop off on 26th birthday). An eligible child includes your or your spouse's natural child, legally adopted child, child placed with you or your spouse for adoption, child for whom legal guardianship has been awarded, or grandchild who is unmarried.

Misstatement of Age, Gender, or Tobacco Use

If the covered person's age, gender, or use of tobacco has been misstated on the covered person's application for coverage under the policy, any future premiums may be adjusted and past premiums may be refunded or owed to us based on the correct age, gender or tobacco status. If a covered person's age has been misstated and we would not have issued coverage for that covered person, we will refund the premium paid minus any benefit amounts paid by us, and coverage would be void from the effective date.

Notice of Claim

We must receive notice of claim within 30 days of the date the loss began or as soon as reasonably possible.

Premium

Premium rates are guaranteed for 12 months then subject to change. The age, gender, and tobacco class of a covered person and type and level of coverage are some factors that could be used to determine your premium rate. You will be given at least a 31-day notice of any change in your premium.

We will make no change in your premium solely because of claims made by a covered person under the policy or a change in a covered person's health.

Preexisting Conditions

We will not pay benefits under the policy for a loss which manifests due to, results from, is caused by, or contributed to by a Preexisting Condition. The Preexisting Condition limitation will not apply longer than 12 months after a covered person's applicable effective date under the policy.

“Preexisting Condition” means an illness, injury or condition for which medical advice, diagnosis, care, or treatment was recommended to or received by a covered person within 12 months immediately preceding the effective date the covered person became insured under the policy.

Renewability and Termination

The policy is renewable until the earliest of the following:

- The end of the premium period when the primary insured turns 65 or death. If the policy includes dependents, it may be continued after the primary insured's death or 65th birthday:
 - By the spouse, if a covered person;
 - Otherwise, by an eligible child who is a covered person;
- Nonpayment of premiums when due;
- The date we discontinue offering and refuse to renew all policies issued on this form for all residents of the state where you reside;
- The date we receive a request from you to terminate the policy; or
- The date there is fraud or a material misrepresentation made by or with the knowledge of a covered person.

Plan Provisions (continued)

This is only a general outline of the basic policy provisions and exclusions. It is not an insurance contract, nor part of the insurance policy. You will find complete details in the policy.

Right to Examine

It is important to us that you are satisfied with the coverage being provided. This product has a right to examine period, also commonly referred to as “free look.” After applying and after your policy is issued, if you are not satisfied the coverage will meet your insurance needs, you may return the policy to us within 10 days and have the paid premium refunded. Refer to policy for details.

Underwriting

Insurance plans are subject to health underwriting. If you provide incorrect or incomplete information on your application for insurance your coverage may be voided or claims denied.

Note to our customers about supplemental insurance

- The supplemental plan discussed in this document is separate from any health insurance or Medicare Advantage coverage you may have purchased with another insurance company
- This plan provides optional coverage for an additional premium. It is intended to supplement your health insurance and provide additional benefits for covered expenses.
- This plan is not required in order to purchase health insurance with another insurance company
- This plan should not be used as a substitute for comprehensive health insurance coverage. It is not considered Minimum Essential Coverage under the Affordable Care Act.
